POLICY 5.002

AVAILABILITY

Available for three-phase service to all consumers with metered maximum demand (kW) of less than 70 kW. For consumers with a maximum demand equal to or greater than 70 kW in any month, future bills will be calculated under the three phase service – large rate for the next twelve (12) consecutive months. Electric service provided under this schedule is subject to all applicable policies of the Cooperative.

TYPE OF SERVICE

Multiphase, 60 cycle, at 120/208 and 277/480 volts grounded wye. Motors shall not exceed 450 amps at 120/208 volts without prior consent of the Cooperative. All multiphase equipment shall be protected for loss of phase.

RATES

Service Charge: \$70.00 per month

Energy Charge:

Summer (Jun – Aug): \$11.9 cents per kWh

Winter (Sept – May): \$10.4 cents per kWh

All services are required to pay the monthly Service Charge regardless of kilowatt-hours used. No temporary disconnections are permitted. If service is disconnected for more than twelve (12) consecutive months, such disconnections are considered permanent and subject to the idle service charge to be paid annually.

TAXES

Consumer bills for service under this schedule are subject to any applicable taxes.

POWER COST ADJUSTMENT PROVISION

The above rates are subject to adjustment due to increases or decreases in wholesale purchased power costs.

TERMS OF PAYMENT

The net amount stated on the bill is due on the 20th day of the month. If the 20th is on a weekend or holiday, the due date is the next business day. The gross amount is due if payment is not received by the due date. The gross amount includes a late payment charge of 1.5% of the total amount due.
